

Niutang Chemical Hosting Booth #1720 At Supply Side East

Brea, California, April 21, 2009 — Niutang Chemical, one of the world's leading manufacturers and distributors of food additives, today announced that the company will host Booth #1720 at the Supply Side East International Trade Show taking place April 28-29, 2009. The show will be held at the Meadowlands Exposition Center in Secaucus, New Jersey.

"The Niutang team is looking forward to meeting with our customers and potential customers on the heels of our [International Trade Commission victory](#)," stated Linda Lin, General Manager, U.S Niutang Chemical, Inc. "In addition to learning more about our high-quality [sucralose](#), Supply Side East attendees can get information on Niutang's [custom sweetener blending program](#) and the full array of sweeteners and other products we offer."

On April 6, 2009, Changzhou Niutang, one of the largest global manufacturers of sucralose, and its U.S. subsidiary, U.S. Niutang were issued a complete victory when the International Trade Commission (ITC) decisively rejected infringement allegations made by Tate & Lyle against both companies. The ITC's decision in favor of Niutang was unanimous and concludes the proceedings.

Niutang is one of the most experienced global manufacturers of [sucralose](#) and the largest manufacturer of sucralose in China. In 2003, Niutang demonstrated its commitment to the U.S. market by being the first Chinese sucralose manufacturer to establish a U.S. subsidiary. The company recently completed expansion of its sucralose capacity to 300 metric tons to be able to meet the needs of its customers, and it is poised to grow even more robustly going forward.

Niutang's established track record is built upon the highest standards of quality control, with products that are:

- Manufactured according to cGMP requirements as stated in CFR 21 Part 110
- Produced to meet all quality specifications required by current FCC
- Moody International ISO 9001:2000/cGMP/HACCP certified
- Kosher and Halal certified
- Registered with the U.S. FDA in accordance with the Security and Bioterrorism Preparedness and Response Act of 2002

"Our focus on delivering excellent quality and customer service, backed by our investments in research and development, product customization, and state-of-the-art manufacturing, has steadily attracted more customers," noted Lin. "We welcome Supply Side East attendees to visit our booth and learn more about the benefits of partnering with Niutang."

About Niutang

Niutang Chemical is one of the world's leading manufacturers and distributors of food additives, chemicals and pharmaceutical intermediates that are instrumental to food, beverage, pharmaceutical, nutraceutical and industrial products. Established in 1969, Niutang's commitment to producing the highest quality food additives at competitive prices has ensured its rapid growth into a leading global manufacturer of aspartame, folic acid, and more recently, [sucralose](#). The company is certified in meeting the most stringent U.S. and European manufacturing, compliance and quality benchmarks. Based in China, Niutang also has sales and quality control operations in the United States and Europe that support its strong reputation for integrity and customer service. The company's website is www.niutang.com. For inquiries regarding Niutang Sucralose sales, please contact sales@niutang.us.
